STATE OF NEW HAMPSHIRE
VOTER ID LAW
RSA 659:13

[effective July 24, 2013]

EXPLANATORY DOCUMENT

During the 2013 legislative session the legislature made changes to the "Voter ID Law" (RSA 659:13). This explanatory document is required under RSA 652:26 to help educate the public about the law's requirements and application and outlines the law's requirements.

What type of ID will I need to vote?

- Driver's license issued by any state or federal government;
- Non-driver ID card issued by NH DMV or motor vehicle agency of another state;
- Photo ID card for "voting identification only" issued by NH DMV (RSA 260:21);
- United States armed services identification card;
- United States passport or passcard;
- NH student ID card (see more information below);
- A photo ID not mentioned above, but determined to be legitimate by the moderator, supervisors of the checklist, or town or city clerk. If any person authorized to challenge a voter does so under this provision, the voter shall be required to fill out a challenged voter affidavit before obtaining a ballot.
- Verification of the voter's identity by a moderator or supervisor of the checklist or the town or city clerk. If any person authorized to challenge a voter does so under this provision, the voter shall be required to fill out a challenged voter affidavit before obtaining a ballot.

An acceptable photo ID must have an expiration date or date of issuance. The ID will remain valid 5 years beyond the expiration date or date of issuance unless the voter is 65 or older in which case the expiration date can be exceeded beyond 5 years. The name on the ID shall substantially conform to the name on the checklist.

More on student ID cards:

Acceptable student photo ID cards must be issued by:

- A college, university, or career school approved or licensed to operate in New Hampshire
- A public high school in New Hampshire
- A non-public high school in New Hampshire accredited by a private school accrediting agency that is recognized by the NH Department of Education.
- Dartmouth College
- A college or university operated by the university system of New Hampshire or the community college system of New Hampshire

Beginning in 2014 all colleges or universities operated by the university system or community college system of New Hampshire must include the date of issuance on the student ID card. Student ID cards without a date of issuance will be accepted until September 1, 2018. Each August the Commissioner of the Department of Education will provide to the Secretary of State a list of all approved, licensed, and accredited schools from which a student ID is acceptable.

What if I do not have an approved photo ID?

Any voter who does not present an approved photo ID will be permitted to vote after executing a "challenged voter affidavit". A voter who does not have an approved photo ID may obtain a free photo ID for voting purposes only by presenting a voucher from their town/city clerk or the Secretary of State to any NH DMV office that issues identification.

Is there any post-election action required by me after I vote without an approved photo ID?

If you filled out a "challenged voter affidavit" in order to vote on Election Day, you will receive a verification letter from the Secretary of State requesting confirmation that you voted in the election. If you do not respond in writing to the Secretary of State within 90 days of the date it was mailed, the Attorney General will conduct an investigation to determine whether fraudulent voting occurred.

Where can I get more information?

Your town or city clerk or the Secretary of State.

- Ballot Clerk asks voter to present photo ID
- If voter does not have ID:
 - Voter must fill out “Challenged Voter Affidavit”
 - Mark on checklist that voter executed “Challenged Voter Affidavit” instead of presenting a Photo ID
 - Give voter a ballot so they can proceed to vote

The first part of the reconciliation process consists of *four separate tallies*: (A) Ballot Inventory, (B) Voter Participation Tallied at Check-In, (C) Voter Participation Tallied at Check-Out/Ballots Cast Tape, and (D) Hand Count of Ballots Cast. Ideally, these *four counts should result in the same number of ballots cast and voters participating* (In the end, **TOTAL A = TOTAL B = TOTAL C = TOTAL D = TOTAL Count of Votes (from Part II)**). While we recognize that errors may occur which could result in small differences in the four Part I totals, Moderators are urged to *carefully consider* these tally numbers *before finalizing results* on primary election night.

PART II. EXAMINATION OF INDIVIDUAL RACES IN THE REPUBLICAN PRIMARY

Compare the ballots cast (**TOTALS A--REP, B--REP, C--REP, and D--REP**) from PART I of this form) with the total Republican votes cast from the “*Return of Votes Spreadsheet, Examination of Individual Races*”. If there are any significant discrepancies, please ask your election team to carefully review their tallies.

It is important to *resolve discrepancies on election night before announcing results* and avoid errors which, for example, may indicate more votes tallied in a particular contest than total ballots cast.

TALLY CATEGORY	TOTAL Votes, Voters, or Ballots Cast
TOTAL A--REP <u>Ballot Inventory</u> (from reverse side of this form)	10
TOTAL B--REP <u>Voters</u> at Check-in (from reverse side of this form)	10
TOTAL C--REP <u>Voters</u> at Check-out/Ballots Cast Tape (this side of form)	10
TOTAL D – REP Hand Count of <u>Ballots</u> (from this side of this form)	10
TOTAL COUNT OF REP. <u>VOTES</u> FOR INDIVIDUAL CONTESTS (transfer number from “ <i>Return of Votes Spreadsheet, Examination of Individual Races</i> ” that reflects the consensus “office total” for individual contests.)	

These five numbers above should all be equivalent. Significant differences may indicate a tallying error.

PART II. EXAMINATION OF INDIVIDUAL RACES IN THE REPUBLICAN PRIMARY

Compare the ballots cast (TOTALS A--REP, B--REP, C--REP, and D--REP) from PART I of this form) with the total Republican votes cast from the “*Return of Votes Spreadsheet, Examination of Individual Races*”. If there are any significant discrepancies, please ask your election team to carefully review their tallies.

It is important to *resolve discrepancies on election night before announcing results* and avoid errors which, for example, may indicate more votes tallied in a particular contest than total ballots cast.

TALLY CATEGORY	TOTAL Votes, Voters, or Ballots Cast
TOTAL A--REP <u>Ballot</u> Inventory (from reverse side of this form)	10
TOTAL B--REP <u>Voters</u> at Check-in (from reverse side of this form)	10
TOTAL C--REP <u>Voters</u> at Check-out/Ballots Cast Tape (this side of form)	10
TOTAL D – REP Hand Count of <u>Ballots</u> (from this side of this form)	10
TOTAL COUNT OF REP. <u>VOTES</u> FOR INDIVIDUAL CONTESTS (transfer number from “ <i>Return of Votes Spreadsheet, Examination of Individual Races</i> ” that reflects the consensus “office total” for individual contests.)	10

These five numbers above should all be equivalent. Significant differences may indicate a tallying error.
